ANGELO
CERAMICA

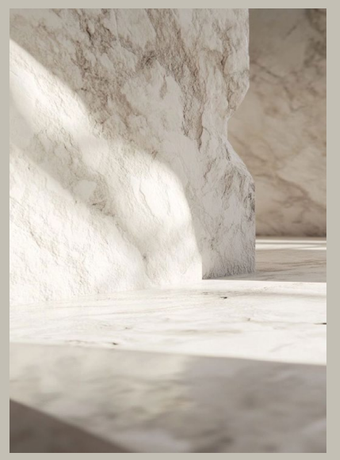

Michelangelo Buonarroti is one of the greatest and most important artists in the history of world art. He was an Italian sculptor, painter, architect and poet. Angelo is an Iranian/Italian ceramic brand and actually tries to create a bridge between these two Iranian and Italian cultures. Our designs are inspired by natural surfaces and textures, classic and contemporary art, cultural symbols and the latest trends. Our goal is to increase market standards by producing new, high-quality and elegant ceramics so that the living environment can be functional and beautiful.

ANGELO
CERAMICA

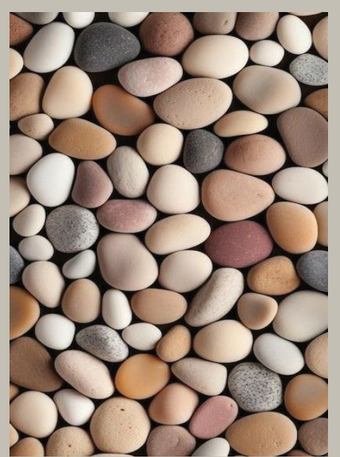

Michelangelo Buonarroti was a great artist and sculptor who famously said "i saw the angel in the marble and carved until I set him free."
We are an Italian/Iranian brand that tries to make a bridge between the two cultures. The tastes of art, from the east and west by gathering their best architects, interior designers and tile experts.
Our designs are inspired by natural surfaces and textures, classic and contemporary arts, cultural symbols and latest trends. Our mission is to increase the standards of the market by producing innovative, high quality and elegant ceramic tiles to please our customers and make living spasces practical and elegant.

Michelangelo Buonarroti era un grande srtista e scultore che pronuncio' una celebrefrase "ho visto un angelo nel blocco di marmo e l'ho scolpiuto fino a quando non e' stato libero".
Angelo Ceramica nasce da una collaborazione italiano iraniana nel tentativo di costruire un ponte tra le due culture, cercando di cogliere il gusto dell'arte dall'est all'ovest radunando le migliori architetture, i migliori interior designers e le migliori esperienze ceramiche.
I nostri design sono ispirati da superfici naturali, arti classiche e contemporane, dalle rispettive tradizioni culturali e dagli ultimi trend del mercato.
La nostra missione é elevare gli standard qualitativi del mercato, producendo in modo innovativo, con attenzione alla eleganza ceramica nel rispetto della migliore qualità possibile, in modo da soddisfare i nostri clienti per creare ambienti pratici ed eleganti.

METRO ART COLLECTION

The Metro Art collection in 7 × 29 cm is a refined reinterpretation of classic subway tiles with a modern approach. Its clean lines, glossy finish, and versatile color range create a bright, timeless look that enhances both minimal and luxurious design concepts

La collezione Metro Art nel formato 7 × 29 cm è una raffinata reinterpretazione delle classiche piastrelle metropolitane, rivisitata in chiave moderna. Le sue linee pulite, la finitura lucida e l'ampia gamma cromatica creano un look luminoso e senza tempo, valorizzando sia i concept minimalisti che gli ambienti dal carattere più lussuoso.

METRO ART

7 X 29 CM

Finishing: Matt - Glossy
Color: Navy Blue - Dark Rubby - Matcha - Graphite - Ocra
Code: 9372 - 9396 - 9391 - 9370 - 9398
Thickness: 8mm - 10mm
Surface: 4 Face

Where timeless elegance meets deep ruby tones, every detail becomes a statement of refined beauty, warmth, and unforgettable sophistication.

A timeless expression of modern refinement, where soft grey tones transform every space into a world of understated luxury, harmony, and sophisticated beauty.

Inspired by the warmth of ocra, a rich expression of character and timeless charm that brings depth, energy, and sophisticated warmth to every space.

60 x 60 COLLECTION

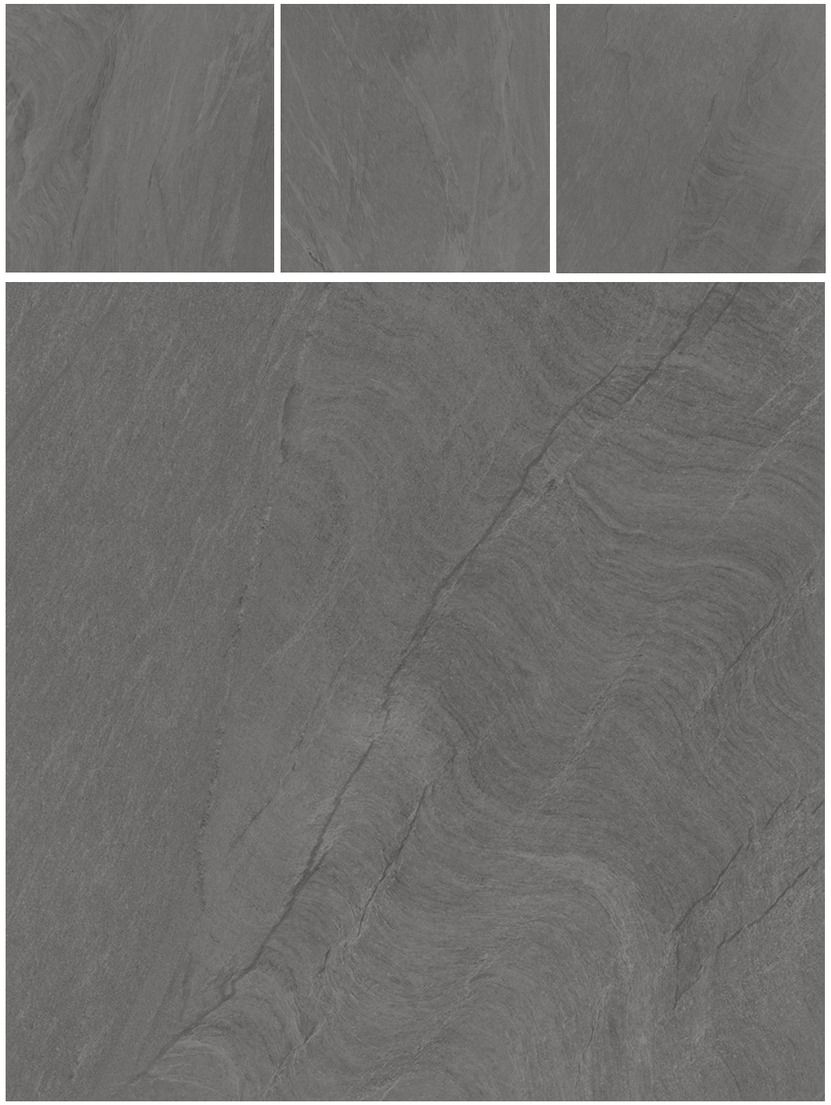

The 60 × 60 Outdoor Collection combines refined aesthetics with enhanced durability, offering a versatile solution for outdoor spaces. Available in 13 mm and 16 mm thicknesses, the collection is designed for applications such as driveways, patios, courtyards and rooftops. Its timeless palette and sophisticated surfaces bring together functionality and contemporary elegance, creating outdoor spaces that are both durable and visually distinctive.

La collezione Outdoor 60 × 60 unisce un'estetica raffinata a un'elevata resistenza, offrendo una soluzione versatile per gli spazi esterni. Disponibile negli spessori di 13 mm e 16 mm, la collezione è ideale per applicazioni quali vialetti, patii, cortili e terrazze panoramiche. La palette senza tempo e le superfici sofisticate coniugano funzionalità ed eleganza contemporanea, creando spazi esterni durevoli e di forte impatto estetico.

60 x 120 COLLECTION

60×120 cm ceramic tile, designed to bring a modern and refined character to interior spaces. Available in both matt and polished finishes, offering versatility for different design styles. The matt surface creates a soft and minimalist look, while the polished finish adds elegance and luminosity. Its versatile format is ideal for both floor and wall applications, especially in bathrooms and sanitary spaces. A perfect choice for creating seamless, modern, and sophisticated interiors in residential and commercial projects.

Piastrella in ceramica 60×120 cm, pensata per conferire un carattere moderno e raffinato agli ambienti interni. Disponibile nelle finiture matt e lucida, offre grande versatilità per diversi stili di progettazione. La superficie matt dona un aspetto morbido e minimalista, mentre la finitura lucida aggiunge eleganza e luminosità. Il formato versatile è ideale sia per pavimenti che per rivestimenti, in particolare per bagni e ambienti sanitari. Una scelta perfetta per creare spazi contemporanei, armoniosi e sofisticati, sia residenziali che commerciali.

PRODUCTION

TECHNOLOGY
Angelo Ceramica tries to stay constantly updated on the best production techniques to create the designs and configurations necessary to express the taste of ceramics. Quality and innovation represent for Angelo ceramica an essential prerogative on which to base the choice of ceramic product in its design declinations. Therefore, we always try to be as up-to-date as possible on the best production techniques that allow us to achieve aesthetic and qualitative results in the best standards. Our technologies identify different types of applications:

GLAZED PORCELAIN
The resistance guaranteed by Gres porcelain link to the aestethic possibilities allowed by the new graphic and glazed application, put our product in the condition to perfrom at its best different styles to reproduce any kind of design in order to be updated and propositive with any trend.

DGITAL TECHNOLOGY
Angelo Ceramica makes use of the best digital technologies on the market to always reach the highest aesthetic / quality levels in the ceramic field. The digitalization combined with the continuous research allows Angelo Ceramics a lot of accuracy in the search for the final face of the design and the best possible depth especially in the case of polished versions through the use of grits that allow greater depth and better detail as well as better quality performance.

PRODUZIONE

TECNOLOGIE
Angelo Ceramica cerca di rimanere costantemente aggiornata sulle tecniche produttive migliori per realizzare i design e le configurazioni necessarie ad esprimere il gusto della ceramica. La qualita' e l'innovazione rappresentano per Angelo ceramica una prerogativa imprescindibile sulla quale basare la scelta del prodotto ceramico nelle sue declinazioni design. Cerchiamo quindi sempre di essere quanto piu' aggiornati possibile sulle tecniche produttive migliori che permettano di raggiungere risultati estetici e qualitativi nei migliori standard. Le nostre tecnologie individuano diversi tipi di applicazioni:

PORCELLANATO SMALTATO
La resistenza garantita dal porcellanato unita alle possibilita' estetiche consentite dalle nuove applicazioni grafiche e di smaltatura, ci permettono di interpretare al meglio i diversi stili da riprodurre per design di ogni tipo in modo da essere propositivi e al passo con ogni trend.

TECNOLOGIA DIGITALE
Angelo Ceramica fa uso delle migliori tecnologie digitali in commercio per poter raggiungere sempre i piu' alti livelli estetico/qualitativi in ambito ceramico. La digitalizzazione unita alla ricerca continua permette ad Angelo ceramica molta accuratezza nella ricerca del volto finale del design e la migliore profondita' possibile soprattutto nel caso di versioni levigate attraverso l'utilizzo di graniglie che permettono maggiore profondita' e miglior dettaglio nonche' migliore resa qualitativa.
